Narrative description of proposed project:	
Our goal is to eliminate the use of lead wheel weights in the Toy	vn garage. The goal will be accomplished by replacing the lead
wheel weights with lead-free weights.	
How we will measure success:  We will measure success by comparing the amount of lead used	before and after the project.
1a. Our voluntary <b>source reduction</b> goal for Chemical #1 is to red amount of 325 pounds in June, 2006 (month/year) to a reduced December, 2007 (month/year).	
1b. To accomplish this goal, we will use the following source reduces	ction options (check all that apply):
Equipment or technology modifications.	Process or procedure modifications.
	Substitution of less toxic raw materials.
Improvements in inventory control.	
Other (describe):	
2a. In addition to, or in lieu of using source reduction methods, our increase the recycled or recovered quantity of this chemical from a year) to an increased quantity of pounds by	baseline amount of pounds in (month/
2b. To accomplish this recycling or recovery goal, we will use the Direct use/reuse in a process to make a product.  Processing the waste to recover or regenerate a usable	following options (check all that apply):
